NCLR / Latino Decisions Latino Views on Economy Poll - Weighted

Source: Latino Decisions interviewed 500 Latino registered voters, in a national survey conducted by landline, cell phone and online panel. Respondents were given chance to take survey in either English or Spanish, and final demographics are weighted to match exact characteristics of Latino registered voters per the Census ACS. Survey was in the field July 5-11, 2014. Poll was conducted on behalf of National Council of La Raza, with support from Univision. For questions about the poll, please contact Ricky Garza (202) 776-1732; rgarza@nclr.org.

Q1. What direction would you say the economy is moving? Would you say the economy is getting a lot better, getting somewhat better, not really changing, getting somewhat worse, or getting a lot worse?
