## 2023 Changemakers Summit COVID-19 Protocols Liability Waiver

To prioritize the health and safety of all attendees and participants during our Changemakers Summit and all related UnidosUS events (collectively, the “Event”), UnidosUS will be implementing health and safety protocols for everyone attending the event in-person. UnidosUS is closely following the requirements imposed by the District of Columbia and our venue as well as the recommendations from the CDC. **Given the evolving nature of the COVID-19 pandemic, these protocols are subject to change without notice.** Compliance with these protocols will be mandatory for attendance and participation at the Event.

Please note, UnidosUS reserves the right to implement any protective measures that it deems necessary to protect everyone attending the event. UnidosUS also reserves the right to reduce capacity or transition to a virtual experience at any time to limit the spread of COVID-19.

### Test Before you Travel

All attendees regardless of vaccination status are asked to please take an at-home COVID-19 test prior to traveling to the event. If you are positive for COVID-19, please stay home! We are aiming to provide a safe and healthy environment for all attendees.

- Fully vaccinated means a person has received their primary series of COVID-19 vaccines, including recommended booster doses, when eligible. Individuals who are unable to present proof of full vaccination are required to show proof of a negative result from a test administered on-site, unless attendance can otherwise be reasonably accommodated through other means and upon advance written request.

If an attendee has or experiences any symptoms of COVID-19 within 24 hours prior to event date, the attendee agrees not to travel and/or attend public events.

- These include, but are not limited to: fever, dry cough, tiredness, aches and pains, sore throat, headache, loss of taste or smell, difficulty breathing or shortness of breath.

## On-Site Measures

While face masks may not be required based upon the CDC county guidance, **attendees are encouraged to wear masks based on individual comfort levels.** Please be respectful of individual decisions on mask usage.

For the health and safety of yourself and our fellow attendees, we strongly encourage attendees who have been in high-risk environments, as deemed by local health agencies, even if vaccinated to elect to take a test prior to the event as a courtesy to fellow attendees. In accordance with applicable federal, state, and local guidance, individuals who are at a high risk for severe illness due to COVID-19 should talk to their healthcare provider about whether they need to wear a mask and take other precautions as directed. Individuals who have household or social contact with someone at a high risk for severe illness, should also consider wearing a mask.

If an attendee has or experiences any symptoms of COVID-19 within 24 hours prior to the Events date, the attendee agrees not to travel and/or attend public events.
